

# Jump Over

Name: \_\_\_\_\_

**Parents:** After watching John Warren's ASL story, colour the pictures and then cut and place them in the correct order.

**Alternate extension:** Print another copy of this page. Cut each picture in half so that you can mix and match. Students can combine images in an inventive way and come up with funny sentences such as, "the girl jumped over the plant," or "the horse jumped over the girl." Can you tell/write/draw a story about what happened when the horse jumped over the girl?
